# OUR MISSION

Founded by a 10 year military Veteran, G-FORCE™ is on a mission to create affordable, successful business opportunities for fellow Veterans in a unique, niche industry - Parking Lot Striping (aka Pavement Marking).

We are proud to be the first Franchise System dedicated exclusively to Veterans. You can't join G-FORCE™ unless you're a Veteran. We are building a cohesive team of like-minded Veterans dedicated to each other and dedicated to being the very best in our Industry.

While not widely known, the Pavement Marking and Parking Lot Striping market is huge. Look around. Parking Lots are everywhere and they all need our services.

We have a plan in place to be the largest brand in this space within the next 18 months.

Guided by our principles of Service, Integrity and Pride, G-FORCE™ is the perfect fit for many of today's Veterans. Home-Based. Work outdoors. Make your own schedule. Build your future. Plenty of growth potential.

# FAQs

## ***What's your Franchise Fee?***

The Franchise Fee starts as low as \$5,000 and tops out at \$25,000. Most Franchise Fees start at \$25,000!. Our formula looks at your territory's population; for every 750,000 we charge just \$5,000. (Of note, the average cost to recruit and train each Franchise Owner exceeds \$15,000)\*

## ***What are your Royalties?***

We like to buck the traditional franchise model and have developed a decreasing sliding scale designed to reward success. Royalties start at 7% and decrease 1% for each \$100,000 in Sales. After \$400,000 in Gross Sales, you'll be paying only 3%.\*

An important word about Royalties - those Royalties are used to offset expenses you'd otherwise have to absorb if you were operating independently - things like web design and support, graphic design, advertising and marketing support, etc., etc.

## ***Do I need employees?***

Not at first. The machines can help you do the work of two full-time employees. As your business grows, you should expect to take on part-time help that can evolve to full-time employment and, eventually, multiple crews in larger territories. Ideally, you'll hire your fellow Veterans; though that is not a requirement.

## ***Do you offer Financing to help pay for a G-FORCE™ Franchise?***

We do not offer direct financing, but there are a number of funding sources that are tailored specifically for Veterans including certain SBA loans and others that can lower the obstacles to business ownership. We can help you through this process.

## ***Are there other Services you offer?***

G-FORCE™ franchise owners may choose to stay in the Pavement Marking space or they may choose to offer additional services such as power washing, asphalt maintenance and more. You are not locked in to a single service as with most franchise brands.

## ***Who are you looking for?***

We are looking for Veterans just like us; those who want to get out and run their own business; not afraid of hard work, ready to build a future for themselves and willing to be eager givers of their support for their fellow Veterans.
